On Our Way to Texas!

Praises and Prayer Requests

- Todd's manager orientation starts September 27. Praise God for the resources to get there! Pray for the reading and assignments he is currently doing to prepare for the course.
- God answered our prayer for housing. We have a place to go to in Dallas and provision to pay rent at our current home in Oregon.

In order to run the store in Papua New Guinea, Todd needs to complete a manager orientation in Dallas, TX this month. He will not be working during this time so we needed to replace two months of income as well as cover traveling expenses and pay tuition for the training. (We plan to take the whole family and drive there.)

The total cost for this training has all been provided! Through special donations, including our church, and individuals, as well as some personal money we had to contribute, we had about half of what we needed. During the weekend of August 20 and 21 we were able to raise the remaining money through a large yard sale!

We are so excited to be going! This training is only offered once a year so missing it would have meant waiting another whole year before we could move forward. Thank you to everyone who prayed and participated.

Wycliffe

Where does the money go?

Some people may be wondering what we do with money that is coming into our account before we leave for PNG. This income has been used to pay for our training in Orlando, Cathy's training in Dallas, passport fees, and mailing expenses. At this point all of this money is going toward living expenses while Todd is going through training.

After training is complete, this money will begin completing our one time start up expense that covers airline tickets to PNG and costs associated with relocating. Wycliffe has determined that we will need about \$12,000 in this fund to be able to leave. So if you've been wondering when to start contributing, know that any time you start, all of your contributions are being used to get us there.

PNG News:

Papua New Guinea is 17 hours ahead of us here in Oregon. When it's 7:00PM in Oregon it's 12:00 noon the next day in PNG. We have some friends who headed there in August. It took them 7 planes and 40 hours in the air to get there!
